RE: PessaryAssistant™ purchase

Dear Customer,

Thank you so much for your purchase of one or more PessaryAssistants™. It is made from FDA-approved medical grade plastic. And it is CE certified for sale in the EU & UK.

Enclosed you will find your PessaryAssistant™, which has:

- 1) A “U”-shaped-side to hold a folded Ring Pessary in preparation for placement, &
- 2) A “Hook”-side which helps remove a Ring Pessary

Also enclosed is an equal number of Instruction Sheets, which describes with pictures how to use your new device.

I also have “Hand Demonstration” Videos on my websites, which all point to one site:

Please feel free to email me with any Feedback you might have to make our product more useful.

Thanks so much for your purchase!

Warmly,

Chris Radpour MD
