

RE: Purchase of PessaryAssistant™ by ChrisRadpourMD

Dear Customer,

Thank you so much for your purchase of one or more PessaryAssistant™. It is made with medical grade plastic. And it is CE certified for sale in the EU, UK, Australia, & elsewhere.

Enclosed you will find your PessaryAssistant™, which has:

- 1) A “U”-shaped “Pessary-Fold” side which helps hold a folded Ring Pessary in preparation for placement, &
- 2) A “c”-shaped “Pessary-Hook” side which helps hook & remove a Ring Pessary

Also enclosed is an equal number of Instruction Sheets, which describes with pictures how to use your new tool.

I also have “Hand Demonstration” Videos & Instructions For Use (IFU) Sheets in several Languages on my websites, all of which point to one site:
